What File?*

March 24, 1980

Mr. Tom Germane
Deputy Attorney General
State of New Jersey
Division of Law and Safety
1035 Parkway Avenue
Trenton, New Jersey 08625

Dear Tom:

I called Las Vegas on Thursday, February 21, 1980, for a status update on the aerial photography project I am having done. They have received aerial photographs dating back from 1940 on about 14 overflights and have seven more on order. Clay Lake will be sending a specific listing of the dates of these overflights.

Clay will still aim for the May completion date as you and he had discussed. While Clay could make some preliminary observations, this might result in premature conclusions which might have to be later modified. Will keep you advised on the status of this project.

Very truly yours,

Michael V. Polito
